### Client Testimonial Form

Please comment on yours / your child's experience with your lessons at Lanzon School of Music.

I came to Ben for a trial lesson, not really sure if it was something I wanted to do. That first experience not only made me much more at ease about taking formal lessons, but instilled in me a real sense of what could be achieved. Ongoing lessons have only reaffirmed the effectiveness of Ben's style of teaching and provided a real sense of progress and enjoyment of playing.

Please write about your teacher in your own words, what he/she does, quality of his/her service etc.

Ben has always been extremely welcoming and willing to accommodate my needs in terms of scheduling and learning style. Right from the first lesson I felt at ease, and the material was not only well presented, but manageable. During my learning the progress of the course has been logical and built well on previous elements, giving me the necessary progress and encouragement to push ahead and keep practicing.

Please indicate if you would recommend Lanzon School of Music to others interested in learning the drums or guitar and if desired why or why not.

I feel Ben ticks all the boxes when it comes to the qualities one needs in a music teacher. Friendly and flexible, encouraging and patient, and of course more than competent in the performance of the art himself. I'd recommend Ben to other's considering drumming in a heartbeat.
